1200 x 900 RH	900	1200	185 x 600	60	400	700	700

LEFT HAND EXTENDED PENTAGON

Size (mm)	Dimensions (mm)						
	A	B	C	D	E	F	G
1200 x 900 LH	900	1200	185 x 600	60	400	700	700

It is important to remember that water will find its way naturally. This is a physical law that we cannot change. A frameless shower cubicle has a minimalistic design, and this means that the small nature of the base profile or threshold trim, unlike a conventional framed shower cubicle, may allow a small amount of water to splash out. Under normal showering conditions this should not be a concern as the water will usually hit the person showering and reduce the power of the spray hitting the base of the cubicle. Unfortunately if a jet of water is sprayed directly at the frameless area then water may escape. This does not render the item faulty, but is a characteristic of this nature of product.

Information:

Door opening: 59cm

Height: 195cm

Min/Max adjustment: 117 - 88.5cm

8mm Safety glass

Chrome on brass handles/rise & fall hinges

Phoenix provide, as standard, a surface protection for all our shower enclosures clearly marked with the logo called Phoenix Easy-Clean. This is an invisible coating applied during the manufacturing process that helps ensure your shower maintains a 'new' look for as long as possible, by providing a barrier against the surface deposits that can dull the surface of your shower door.

 LIFETIME GUARANTEE

 EASYS CLEAN PROTECTION

 8MM TEMPERED SAFETY GLASS EN12150-1

Finishes:

Glass

Chrome

Guarantee/Aftercare: During installation extra care must be taken to avoid damaging the fittings. We provide a guarantee against faulty manufacture or materials (excluding serviceable parts), providing they have been installed, cared for and used in accordance with our instructions and good plumbing practice.
