

GENERAL INFORMATION FOR ALL SURFACES:

- Phoenix bathroom furniture is manufactured from materials that are well suited for bathrooms. It is, however, important to ensure good ventilation and to avoid excessive splashes of water and soap residue.
- Wipe furniture dry if splashed with water. This will minimise the risk of damage and water ingress.

CLEANING INSTRUCTIONS:

- We recommend cleaning with a soft damp cloth and a mild soapy water solution.
- We advise against vigorous rubbing as this may cause stains and damage.
- Wipe with a damp cloth wrung in clean water to remove the soapy water and to avoid stains and stripes.
- Avoid using dry cloths and paper tissue for furniture with matt and high-gloss surfaces, as these may scratch the surface.
- Do not use abrasive cleaning agents or cleaning agents that contain ammonia, bleach or other strong solvents as these will damage the furniture. We also advise against the use of furniture polish, acetone, ethanol, benzene and coarse cleaning sponges.

Guarantee/Aftercare: During installation extra care must be taken to avoid damaging the fittings. We provide a guarantee against faulty manufacture or materials (excluding serviceable parts), providing they have been installed, cared for and used in accordance with our instructions and good plumbing practice.
