- 4 x Support Legs (Threaded)
- 4 x Support Legs (Top)
- 2 x Gauze Filters
- 4 x Circular Ceiling Mounts
- 4 x Round Headed Nut/Bolt

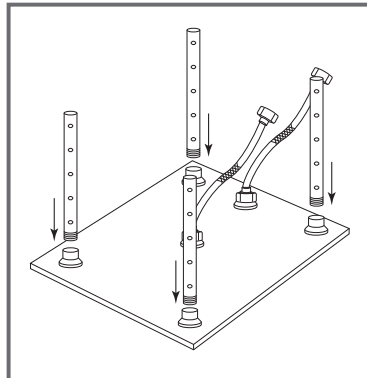

Notes:

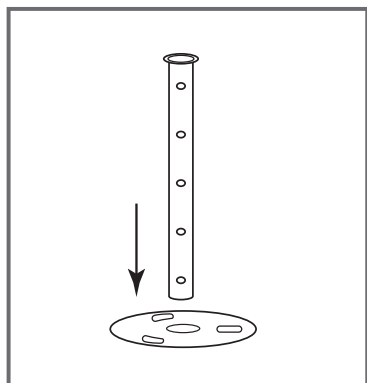

- Read all instructions before fitting and ensure all parts are included.
- Flush out all pipework prior to installation.
- Check for hidden pipes and cables before drilling.

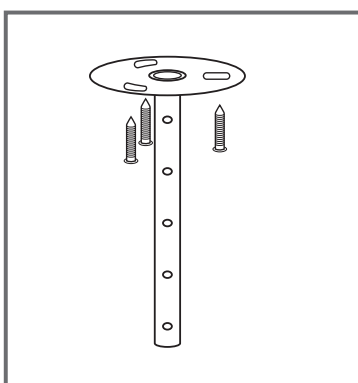

1. Screw the Water Hoses to the Shower Head making sure to insert the Gauze Filters (x2).

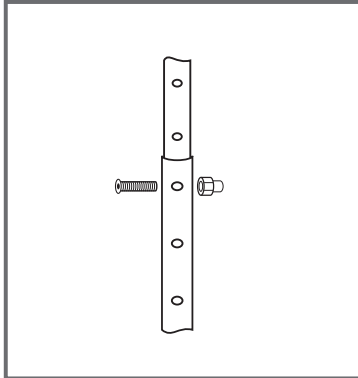

2. Screw the Support Legs (Threaded) to the Shower Head (x4).

3. Insert the Support Legs (Top) (x4) through the Circular Ceiling Mounts (x4) ensuring that the shiny side faces downwards.

4. Screw the Circular Ceiling Mounts to the ceiling using Plugs & Screws. (Not all ceilings are constructed with the same materials. Please ensure the fixings are correct for your application)

5. Offer the Shower Head up to the ceiling, keeping level. Set to your desired height and join the Support Legs together using the Round Headed Nuts/Bolts (x4).

Guarantee/Aftercare: During installation extra care must be taken to avoid damaging the fittings. We provide a guarantee against faulty manufacture or materials (excluding serviceable parts), providing they have been installed, cared for and used in accordance with our instructions.
