DESIGNED FOR YOU

Technical Data Sheet

Range: Showering Solutions

Type: Concealed Thermostatic Valves

Code: SV040RO

Version/Date: v2 06/20

#### Information:

In line with general installation practice this thermostatic shower valve may require calibration to suit the plumbing system it is installed on. A balanced pressure is recommended for optimum performance.

**Guarantee/Aftercare:** During installation extra care must be taken to avoid damaging the fittings. We provide a guarantee against faulty manufacture or materials (excluding serviceable parts), providing they have been installed, cared for and used in accordance with our instructions and good plumbing practice. We recommend that all brassware is installed to allow access to serviceable parts as we cannot accept responsibility in the event that access is required.
