Pelmet LED Light - Square
3 Lights & Power Converter
FL02 **£92**

All installations must comply to guidelines which are based on a zonal concept. The diagram shows this concept and highlights the 3 zones used.

Zone 1 - Refers to the area above the bath or shower up to a height of 2.25 metres and requires a minimum rating of IPx4 (splash-proof) plus RCD protection.

Zone 2 - Covers an area 0.6 metres wide immediately next to, and all around zone 1. Wash basins should also be treated as zone 2. The minimum rating here is IPx4.

Zone 3 - Has no special requirements, unless water jets are likely to be used for cleaning purposes.

All installations must comply to guidelines which are based on a zonal concept. The diagram shows this concept and highlights the 3 zones used.

Zone 1 - Refers to the area above the bath or shower up to a height of 2.25 metres and requires a minimum rating of IPx4 (splash-proof) plus RCD protection.

Zone 2 - Covers an area 0.6 metres wide immediately next to, and all around zone 1. Wash basins should also be treated as zone 2. The minimum rating here is IPx4.

Zone 3 - Has no special requirements, unless water jets are likely to be used for cleaning purposes.

PHOENIX PRODUCT GUARANTEE:

All product guarantees are subject to the following terms and conditions: The product has been fitted/installed in a well ventilated room with appropriate air extraction, and in accordance with the appropriate fitting instructions, local bylaws, by a competent qualified installer and in line with general good plumbing practice; The product has been maintained and cared for in accordance with the instructions (including regular and appropriate cleaning); If any product has been modified, misused, neglected, wilfully or accidentally damaged; or if Phoenix have not received payment in full; then the product guarantee is invalid.

The guarantee only covers the material structure of products (excluding shattering glass) and not serviceable moving parts that perish due to fair wear and tear such as cartridges, valves, hinges, seals, bulbs etc.

In the event of a guarantee claim, the liability of Phoenix is limited to the product supplied and does not extend to consequential loss or damage arising from defective product. The guarantee applies to the original purchaser ONLY and is not transferable. RETURNS PROCEDURE:

Phoenix appreciate that choosing your ideal bathroom does not always run as smoothly as you may wish. Whilst we do not operate a sale or return policy, we do provide an option for the return of products under the conditions below:

1. It is our policy to only accept the return of unwanted products in good condition in their unopened original packaging that have been supplied within one month from the date of invoice. Returns requests can be made via the following options:

- www.phoenix-uk.com/pages/online-returns-form
- www.phoenix-uk.co.uk/pdf/2016_Returns_Request_Form.pdf
- Email a completed returns form to returns@phoenix-uk.com

All return requests must be made by the Phoenix Customer who originally purchased the goods stating the original invoice or delivery note number, the product code and description, quantity of items for return along with a clear description of the reason for return.

2. Upon receipt of the returns request our returns team will process the relevant paperwork to arrange the collection of the requested products. We may sometimes require additional information relating to the returns request such as images of the products to highlight any relevant reason for return. It would be a benefit if these can be provided at the time the returns request is submitted to us. Once confirmation that the goods are available for collection a carrier will be booked to collect the items. Should a failed attempt be made to collect the goods for return then a fee to cover the transport costs for the failed delivery may be applied and deducted from the value of the credit.

3. All items that are due to be returned must be suitably packaged to reduce the risk of damage during transit. Any products that are found to be returned damaged due to being unsuitably packed may result in a request for credit being refused.

4. Any products returned in a condition other than that which is stated in the returns request may result in a request for credit being refused.

5. Any items that have been reported and accepted by Phoenix as faulty or damaged will be credited in full upon inspection on return to our warehouse. Please note that any damages or shortages will only be accepted if reported within two days of receipt in writing by email. Notification outside of the two day period will void any claim.

6. All items returned, with the exception of faulty or goods reported damaged when originally delivered, will be subject to a transport and administration charge.

7. Any goods returned as not required may be subject to a restocking charge. To obtain the value of the restocking charge in advance of any return, please contact our returns team by email at returns@phoenix-uk.com providing the details of the product and original purchase invoice. Any restocking charge will be applied to the credit issued in line with our terms and conditions of sale.

As per our conditions of sale and terms of our guarantee, the liability of Phoenix is limited to the product supplied and does not extend to consequential loss or damage arising from products received defective or damaged.
