Phoenix - The Complete Bathroom Solution

Furniture Mirrors Sanitaryware

Heating

Traditional

Why choose Phoenix?

Over the last 20 years, Phoenix has evolved from a leading bath and whirlpool distributor to having one of the most exclusive and all-encompassing ranges available on the market today.

Drawing on our 40 years of manufacturing heritage, Phoenix have invested heavily in a state of the art, purpose-built furniture production facility based in Yorkshire. This gives us total control over stock, designs, and most importantly quality of materials and build.

Choosing the correct bathroom can bring not only aesthetic pleasure but true tranquillity. That is why our design team draws on inspiration from around the globe to bring you the latest and most on-trend designs possible and all built to exacting quality standards.

Whether you are looking for cutting-edge minimalistic designs or opulent elegance, Phoenix has the bathroom you have been dreaming of, all laid out in the new look 2021 brochures making choosing your desired bathroom a pleasurable experience.

SHOWER ENCLOSURES

Our sourcing and design teams have worked tirelessly to bring together both ingenuity and design flair to create the new Phoenix shower enclosure series.

Crafted from only the finest raw materials and engineered to exacting standards, giving you piece of mind that Phoenix enclosures are not only aesthetically beautiful but built to last, that's why we are proud to give our lifetime guarantee on all Phoenix enclosures.

Beauty is in the eye of the beholder and design works very much the same way. This is why Phoenix have created a diverse enclosures series featuring 10mm frameless roller, 8mm frameless rise and fall hinge series, 8mm semi framed roller series, 8mm fully framed series. This, with our unrivalled walk-in options, means Phoenix have the design for your dream shower.

THE QUALITY OF AN AMANZONITE BATH

Over the last 20 years Phoenix have developed an unrivalled reputation for luxury bathing that incorporates the most versatile and contemporary designs.

This commitment to our customers doesn't start and end simply with shape, size and colour. We also look at the materials used and how these can be manufactured to provide durable products that continue to deliver and offer you, the customer, the product lifespan you expect.

Modern technical advances are always being analysed by our designers and one development we are proud of introducing to the market is Amanzonite, which delivers the ultimate in strength, rigidity and heat retention.

Amanzonite is a reinforced layer applied to our baths which enhances their thermal properties. This gives you a consistent bathing experience time and time again and ensures your bath is always the welcoming feature of the home that you need it to be.

Although it was originally developed for heavy duty applications, Amanzonite is now respected throughout the industry and is the barometer of quality by which bath manufacture is judged. As a result, it has become our most popular bath option.

WHIRLPOOL & AIRPOOL SYSTEMS [‡]

unrivalled industry experience to provide practical cleaning and maintenance solutions and luxurious design options. Unique design features make Phoenix whirlpools stand apart from the rest:

- V-Jet system fully drains the bath every time
- Phoenix Dry-Run Pump Protection means the system our engineer back-up service can't run without water
- solid brass and non-return valves prevent unseen water light options. sitting in pipes

- The Phoenix whirlpool range has been developed using our · Variable three-speed airpool blowers allow finite adjustments to customise your bathing experience
 - An optional inline heater, on system 1 & 3 baths, can maintain a consistent water temperature during bathing
 - All Phoenix systems are manufactured in our Yorkshire production facility and come fully guaranteed including

Additional, easy-to-use lighting features can enhance your · All airpool jets are made from low profile chrome-plated bathing experience with underwater, rotating and coloured

Often mistakenly thought to be the reserve of only the rich and famous, whirlpool and airpool systems are luxurious, affordable and definitely one of the finest investments you could make in your personal and family well-being.

Developed from years of experience and using the latest technology, each system has been carefully designed to ensure maximum benefit with long lasting reliability.

With a choice of 3 high performance whirlpool and airpools to choose from, each individual system is manufactured specifically to suit your chosen bath.

For unrivalled choice in customised bathing luxury simply follow our guide on the next page to discover the features and extras each system can provide. With our wide range of options, all you need to do is sit back and relax...

SHOWERING

Quickly becoming the most turned to part of the bathroom, shower aesthetic and function have never been so important. With this in mind, Phoenix have expanded our Doccia series to incorporate even more choice and availability to your bathroom design.

All Phoenix shower valves are installed with world leading Vernet thermostatic cartridges to ensure bath quality and durability.

Fitted with Vernet Cartridges, the Worlds leading thermostatic cartridge producer

Gravity Fed (Low Pressure) System

- · Cold water storage tank in the loft
- · Hot water cylinder

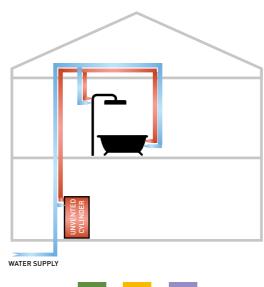

Boosted Gravity Fed (Low Pressure) System

- Cold water storage tank in the loft
- Hot water cylinder
- Booster pump

Phoenix recommend the installation of an inline water fillter to prevent the build-up of limescale and maintain the longevity of all your household products, including your taps and showers.

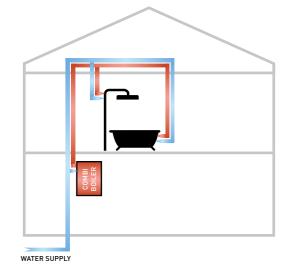

Mains High Pressure System

Unvented cylinder with expansion vessel

Combination Boiler System

• 'Combie' boiler providing hot water and heating

For showers on a low/medium pressure system, we recommend that a negative head pump is installed.

TOUCH VALVES

Unrivalled beauty and total functional control are all at the touch of a button. The Touch shower valves are available in both round and square designs and in 1, 2 and 3 function options.

To make choosing your dream shower even easier, we've developed more Doccia collections giving you total choice in your shower design.

RIGID RISERS & SHOWER COLUMNS

Rigid riser rails and shower columns were originally designed to be used where the wall cavity will not allow for a concealed valve. Things have moved on a long way since then and now these exposed shower units encompass extremely beneficial features including touch on/off controls and our Coldtouch safety feature.

Phoenix have developed a series of shower columns made from stainless steel, either polished or powder coated in elegant matt black and striking white.

TAPS & ACCESSORIES

The finishing touches are what makes true design come to life and Phoenix have developed 13 series of taps and accessories to perfectly finish your dream bathroom.

All Phoenix taps are cast from the finest brass raw material and hand polished, then fitted with world leading Sedal cartridges and Neopearl aerators. All Phoenix accessories are manufactured from polished chrome plated brass giving our taps and accessories both form and function for many years to come.
