

PHOENIX
DESIGNED FOR YOU

HEATING

EURO

AUTUMN 2021

MODERN • TRADITIONAL • UNDERFLOOR HEATING

Why choose Phoenix?

Over the last 20 years, Phoenix has evolved from a leading bath and whirlpool distributor to having one of the most exclusive and all-encompassing ranges available on the market today.

There was a time when heating in the home was simply about creating and maintaining a comfortable ambient temperature. Now we have the option of inventive designer towel warmers and radiators that make a statement and add to the visual feast that your home has become, whilst also providing a practical heating solution.

Phoenix have a large selection of CE approved radiators with a model suitable for every room. Our range utilises both electric and thermostatic heating elements to control your temperature easily. All Phoenix radiators are tested at $\Delta 60$. For technical information and downloadable Data Sheets, please visit www.phoenix-uk.com

Whether you are looking for cutting-edge minimalistic designs or opulent elegance, Phoenix has the heating solution you require, all laid out in the new look 2021 brochures making choosing your desired radiator a pleasurable experience.

CONTROLLING YOUR HEATING

CENTRAL HEATING

All Phoenix radiators are designed to work in conjunction with hot water central heating systems and are clearly marked with the  symbol in the brochure to denote this.

DUAL FUEL

Many of the Phoenix radiators can be used with an additional heating element. Dual fuel radiators can be used either with the central heating system and the heating element switched off or with the heating element switched on if the central heating is not required in other rooms, this is called dual fuel.

DIGITAL THERMOSTATIC DUAL FUEL

Phoenix have developed a wireless digital touchscreen controller that can be added to your dual fuel radiator to give ultimate control with the programable timer

THERMOSTATIC DUAL FUEL

To give even more control to your dual fuel radiator you can install a thermostatic heating element to give control in reaching your desired temperature.

PRE-FILLED ELECTRIC ONLY[‡]

All Phoenix pre-filled electric radiators are specially produced and factory filled with Fernox heat transfer anti-corrosion fluid to maintain product quality for years to come.

All Phoenix pre-filled electric radiators can be fitted in conjunction with our wireless digital touch screen controller to give you ultimate control of temperature.

Each radiator style is clearly marked with the relevant symbols for compatible fuel types available. Product compatibility is the responsibility of the installer.

OUR RADIATORS

AL ALUMINIUM RADIATORS

Whilst not only made from the finest raw materials, all Phoenix aluminium radiators are extremely energy efficient, using 10x less water to heat the highly conductive thermal properties. This, combined with beautiful aesthetics, make our aluminium radiators the perfect choice for your home.

SS 304 STAINLESS STEEL RADIATORS

Our stainless steel radiators are hand-crafted from high quality 304 grade stainless steel, giving a more resilient and longer lasting polished finish. Stainless steel radiators are ideal for all installations and are more commonly used in wetroom areas due to their anti-corrosion properties.

CS CARBON STEEL RADIATORS

Phoenix have also introduced a large number of new designs using carbon steel with a powder coated finish. These radiators allow you the option of creating beautiful and complex designs, otherwise unavailable in the marketplace, all around your home.

PC PHOENIX COLOURS

Phoenix radiators are available in a number of colours, each style is marked with available colours.

DUAL FUEL

All Phoenix standard designer radiators can be used in conjunction with water central heating systems. We have also developed dual fuel radiators which can be used with both a water central heating system and as a stand-alone unit.

To use a dual fuel radiator as electric only – for example in the warmer summer months when just a small boost in heat is required – you need only switch off a flow valve to utilise a heating element. This will allow your radiator to be heated independently of the central heating system, providing warmth on tap in a cost effective and carbon-friendly manner.

You can gain even further control of your heating levels with the dual fuel radiators by utilising either a standard heating element or a thermostatic element. To give you even greater flexibility and control, you can also add our wi-fi enabled Digital Touchscreen Programmable Thermostatic Timer to your dual fuel or all electric radiator.

Each radiator style will be marked with the relevant symbols for fuel types available:

-  DUAL FUEL
-  THERMOSTATIC DUAL FUEL
-  DIGITAL THERMO DUAL FUEL
-  PRE-FILLED ELECTRIC † (Production Item)

All our electric sealed radiators are supplied pre-filled with anti-corrosion fluid to maintain product quality for years to come. The Heating Element is supplied in the box and can be fitted on either side of the radiator. Product compatibility is the responsibility of the installer.

UNDERFLOOR HEATING - THE SOLUTION FOR ANY TILED FLOOR

Imagine the feeling of stepping out onto a nice warm tiled floor that has been pre-heated to your desired temperature.

Whether you want it as a primary heating source or for avoiding the aforementioned irritation on a frosty morning, Phoenix Underfloor Heating Solutions are easy to install and provide heat where and when you need it most.

Every Phoenix solution is supplied with a touchscreen programmable digital timer which sets the temperature at the time exactly how you want it, and means you will be positively bursting to make the first cuppa every morning.

TERMS & CONDITIONS

PHOENIX PRODUCT GUARANTEE:

All product guarantees are subject to the following terms and conditions: The product has been fitted/installed in a well ventilated room with appropriate air extraction, and in accordance with the appropriate fitting instructions, local bylaws, by a competent qualified installer and in line with general good plumbing practice; The product has been maintained and cared for in accordance with the instructions (including regular and appropriate cleaning); If any product has been modified, misused, neglected, wilfully or accidentally damaged; or if Phoenix have not received payment in full; then the product guarantee is invalid.

The guarantee on all products is 12 months from the date of supply from Phoenix unless otherwise stated. The guarantee only covers the material structure of products (excluding shattering glass) and not serviceable moving parts that perish due to fair wear and tear such as cartridges, valves, hinges, seals, bulbs etc.

In the event of a guarantee claim, the liability of Phoenix is limited to the product supplied and does not extend to consequential loss or damage arising from defective product. The guarantee applies to the original purchaser ONLY and is not transferable. This guarantee does not affect your statutory rights and is applicable in the UK Mainland and Republic of Ireland [exclusions apply, see website for details]. All products installed in a commercial or rental property environment carry a 12 month guarantee.

RETURNS PROCEDURE:

Phoenix appreciate that choosing your ideal bathroom does not always run as smoothly as you may wish. Whilst we do not operate a sale or return policy, we do provide an option for the return of products under the conditions below:

1. It is our policy to only accept the return of unwanted products in good condition in their unopened original packaging that have been supplied within one month from the date of invoice. Returns requests can be made at:

www.phoenix-uk.com/pages/online-returns-form

All return requests must be made by the Phoenix Customer who originally purchased the goods stating the original invoice or delivery note number, the product code and description, quantity of items for return along with a clear description of the reason for return.

2. Upon receipt of the returns request our returns team will process the relevant paperwork to arrange the collection of the requested products. We may sometimes require additional information relating to the returns request such as images of the products to highlight any relevant reason for return. It would be a benefit if these can be provided at the time the returns request is submitted to us. Once confirmation that the goods are available for collection a carrier will be booked to collect the items. Should a failed attempt be made to collect the goods for return then a fee to cover the transport costs for the failed delivery may be applied and deducted from the value of the credit.

3. All items that are due to be returned must be suitably packaged to reduce the risk of damage during transit. Any products that are found to be returned damaged due to being unsuitably packed may result in a request for credit being refused.

The specifications and prices contained within this brochure are for information purposes only and, as our products are continually updated, are subject to change without prior notice. We cannot be held responsible for the use of incorrect dimensions shown for first fix without the actual products on site. All dimensions stated in this brochure are nominal and are subject to manufacturing tolerances. All prices include VAT at 23%.

For technical information and downloadable Data Sheets, please visit: www.phoenix-uk.com

To guarantee your Phoenix product, please register within 15 days of receipt. Visit: www.phoenix-uk.com/pages/guarantee

†Production Item - All production items are specially produced in our UK factory and have a production/despatch time of approx. 3-5 working days. These items cannot be cancelled or returned after production has commenced.

4. Any products returned in a condition other than that which is stated in the returns request may result in a request for credit being refused.

5. Any items that have been reported and accepted by Phoenix as faulty or damaged will be credited in full upon inspection on return to our warehouse. Please note that any damages or shortages will only be accepted if reported within two days of receipt in writing by email. Notification outside of the two day period will void any claim.

6. All items returned, with the exception of faulty or goods reported damaged when originally delivered, will be subject to a transport and administration charge.

7. Any goods returned as not required may be subject to a restocking charge. To obtain the value of the restocking charge in advance of any return, please contact our returns team by email at returns@phoenix-uk.com providing the details of the product and original purchase invoice. Any restocking charge will be applied to the credit issued in line with our terms and conditions of sale.

As per our conditions of sale and terms of our guarantee, the liability of Phoenix is limited to the product supplied and does not extend to consequential loss or damage arising from products received defective or damaged.
