PHOENIX®

22 years of bathroom design excellence

Delivering Quality

Phoenix products are available through our award winning independent accredited bathroom retailers, who can guide you every step of the way in creating the bathroom of your dreams. Their expert advice and industry knowledge will make choosing your bathroom an effortless experience.

For over 20 Years Phoenix Bathrooms Ltd have been manufacturing and supplying prestigious bathroom products from our Yorkshire based production facility.

Implementing our goal to deliver high quality bathrooms time and time again, our in-house research & development teams are at the forefront of design, innovation and manufacturing, skillfully blending form and function.

Your bathroom should be a place of stylish tranquillity, re-assured by exceptional build quality and guaranteed next levels of style and comfort.

One Planet

Phoenix are proud to be an ethical manufacturer whose principles are founded on the reduction of our carbon footprint throughout the supply chain and a responsible approach to both quality and the satisfaction of our clients.

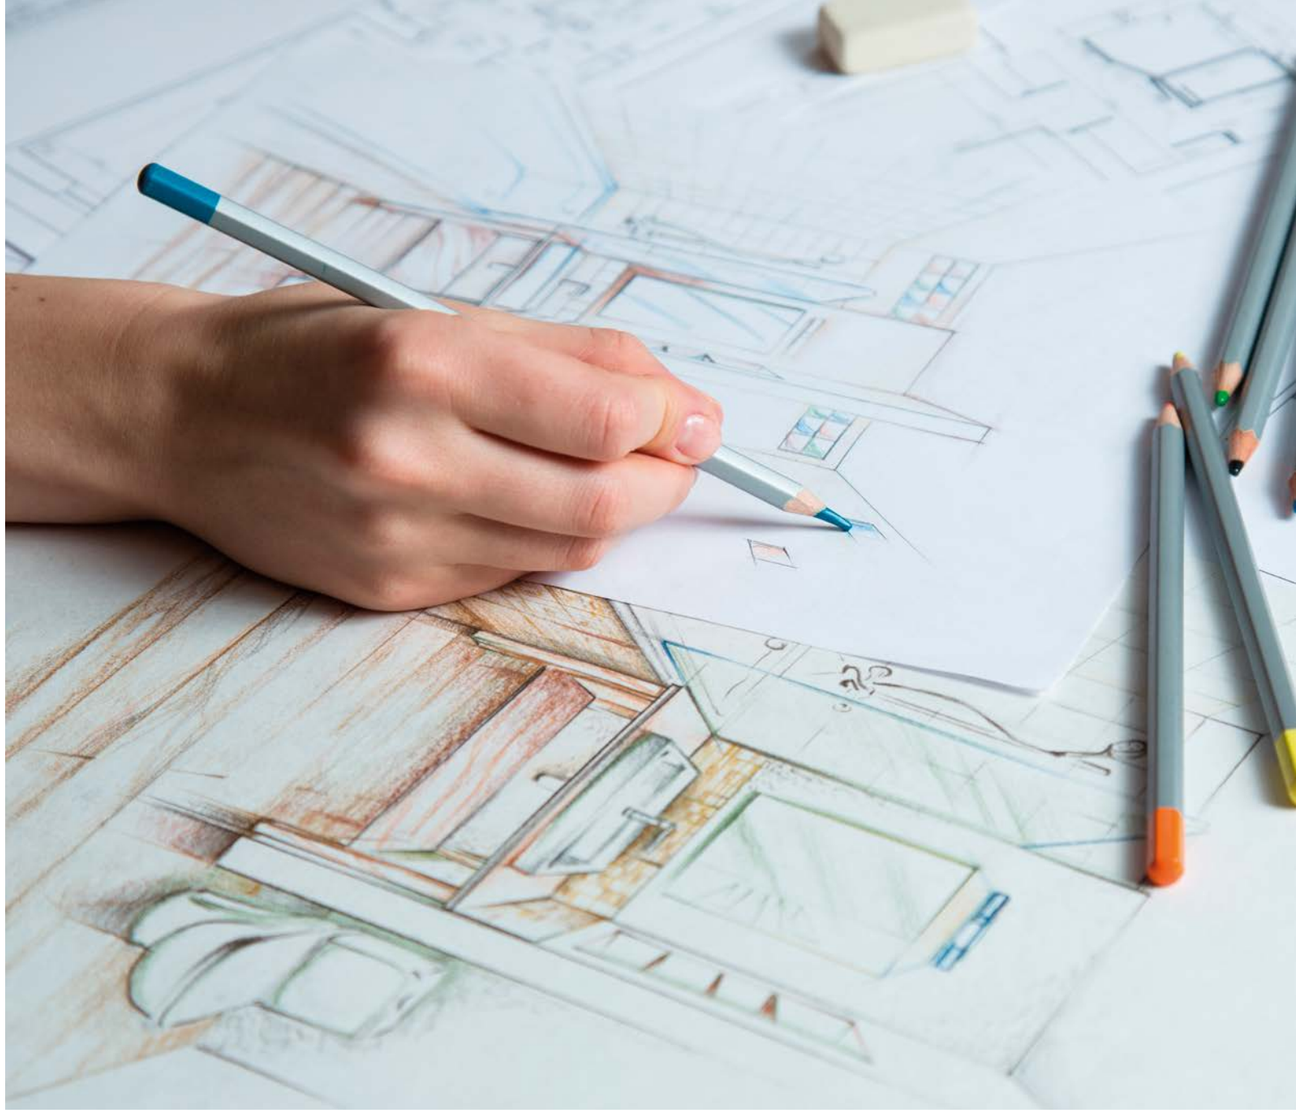

Phoenix believe strongly that our planet is our responsibility, that is why for every piece of bathroom furniture we sell we secure the planting of a tree via the **Eden Reforestation Project**.

The **Eden Reforestation Project** mission offers the dignity of fair employment to people living in impoverished communities who become transformational agents of global forest restoration. Eden's global restoration network is creating livelihoods for millions of people living in extreme poverty by empowering them to restore and protect forests on a massive scale.

Phoenix plant a tree for every piece of furniture we supply

Flawless Designs

The Phoenix design team take inspiration from all aspects of life, bringing together, not only aesthetic beauty, but everyday practicality. Blending form and function seamlessly to create sensory products designed to be used in everyday sanctuaries to elevate your well-being.

PHOENIX

5 Simple Steps:

Step 1

Selecting a cabinet colour from the Phoenix collection is the first step in choosing your dream bathroom.

Step 2

Select a basin and base unit from our slimline or standard ranges. Choose your complementary base units to create your perfect bathroom setting. Finish off with our wall cabinets and mirrors.

Step 3

To enhance your design select from the Phoenix range of plinths, corner posts, fillers, cladding panels or bath panels.

Step 4

Choose from our range of matching or contrasting solid surface or laminate worktops to give your bathroom that unique appeal.

Step 5

Choose your handle from the Phoenix designer bathroom handle series.

BATHING

Over the last 20 years Phoenix have developed an unrivalled reputation for luxury bathing that incorporates the most versatile and contemporary designs.

This commitment to our customers doesn't start and end simply with shape and size, we also look at the materials used and how these can be manufactured to provide durable products that continue to deliver and offer you, the customer, the product lifespan you expect.

Affordable Luxury

Phoenix whirlpool and airpool systems are luxurious, affordable and one of the finest investments you can make in your personal and family well-being.

2 YEAR GUARANTEE

Developed from years of experience and using the latest technology, each system has been carefully designed to ensure maximum benefit with long lasting reliability.

Choose from 3 high performance whirlpool and airpools, each one is manufactured specifically to suit your chosen bath.

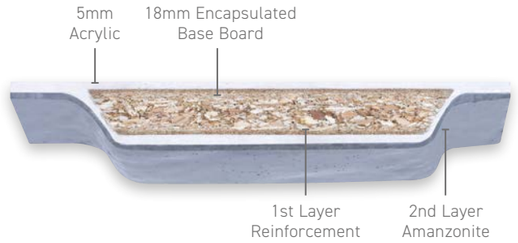

The Quality of an Amanzonite Bath

AMANZONITE REINFORCEMENT

Over the last 20 years Phoenix have developed an unrivalled reputation for luxury bathing that incorporates the most versatile and contemporary designs.

Amanzonite is our modern technical advance which delivers the ultimate in strength, rigidity and heat retention. It uses a reinforced layer which enhances the baths thermal properties giving you a consistent bathing experience time and time again.

Amanzonite is now respected throughout the industry and is the barometer of quality by which bath manufacture is judged. As a result, it has become our most popular bath option.

PHOENIX

WHIRLPOOL & AIRPOOL SYSTEMS ‡

Developed from our unrivalled industry experience to provide cleaning & maintenance solutions and luxurious design options, Phoenix whirlpools' unique design features include:

- V-Jet system fully drains the bath every time
- Phoenix Dry-Run Pump Protection means the system can't run without water
- All airpool jets are made from chrome-plated solid brass and non-return valves prevent unseen water sitting in pipes
- Variable three-speed airpool blowers allow you to customise your bathing experience
- An optional inline heater, on system 1 & 3 baths, can maintain a consistent water temperature during bathing

Easy-to-use lighting features can also enhance your bathing experience with underwater, rotating and coloured light options.

TAPS, SHOWERS & ACCESSORIES

All Phoenix taps are cast from the finest brass raw material and hand polished, then fitted with world leading Sedal cartridges and Neopearl aerators. All Phoenix accessories are manufactured from polished chrome plated brass giving our taps and accessories both form and function for many years to come.

PVD utilizes a Titanium Nitride that provides an extremely **durable** and **hard-wearing** coating. PVD coatings possess a far higher resistance to wear than traditional gold plating. It is a fact that the PVD coating will stay on the product longer than traditional electro-plating and powder coating.

Phoenix recommend the installation of an inline water fillter to prevent the build-up of limescale and maintain the longevity of all your household products, including your taps and showers.

For showers on a low/medium pressure system, we recommend that a negative head pump is installed. For home pressure diagrams see page 360.

EXPOSED SHOWERING SOLUTIONS

Rigid riser rails were originally designed to be used where the wall cavity will not allow for a concealed valve. Things have moved on a long way since then and now these exposed shower units encompass extremely beneficial features including touch on/off controls and our Coldtouch safety feature.

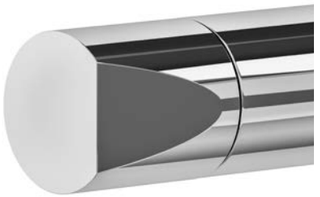

PVD utilizes a Titanium Nitride that provides an extremely **durable** and **hard-wearing** coating. PVD coatings possess a far higher resistance to wear than traditional gold plating. It is a fact that the PVD coating will stay on the product longer than traditional electro-plating and powder coating.

HEATING

Phoenix offer designer towel warmers and stylish radiators that make a statement and add to the visual feast that your home has become, whilst also providing a practical heating solution.

CONTROLLING YOUR HEATING

CENTRAL HEATING

All Phoenix radiators are designed to work in conjunction with hot water central heating systems and are clearly marked with the CH symbol in the brochure to denote this.

DUAL FUEL

Many of the Phoenix radiators can be used with an additional heating element. Dual fuel radiators can be used either with the central heating system and the heating element switched off or with the heating element switched on if the central heating is not required in other rooms, this is called dual fuel.

DIGITAL THERMOSTATIC DUAL FUEL

Phoenix have developed a wireless digital touchscreen controller that can be added to your dual fuel radiator to give ultimate control with the programable timer.

THERMOSTATIC DUAL FUEL

To give even more control to your dual fuel radiator you can install a thermostatic heating element to give control in reaching your desired temperature.

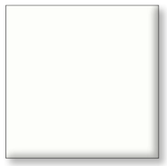

PRE-FILLED ELECTRIC ONLY‡‡

All Phoenix pre-filled electric radiators are specially produced and factory filled with Fernox heat transfer anti-corrosion fluid to maintain product quality for years to come.

All Phoenix pre-filled electric radiators can be fitted in conjunction with our wireless digital touch screen controller to give you ultimate control of temperature.

Each radiator style is clearly marked with the relevant symbols for compatible fuel types available.
Product compatibility is the responsibility of the installer.

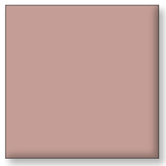

All Phoenix radiators are tested at Δ60.

ALUMINIUM

Whilst not only made from the finest raw materials, all Phoenix aluminium radiators are extremely energy efficient, using 10x less water to heat the highly conductive thermal properties. This, combined with beautiful aesthetics, make our aluminium radiators the perfect choice for your home.

POLISHED STAINLESS STEEL

Our stainless steel radiators are hand-crafted from high quality 304 grade stainless steel, giving a more resiliant and longer lasting polished finish. Stainless steel radiators are ideal for all installations and are more commonly used in wetroom areas due to their anti corrosion properties.

DUAL FUEL

All Phoenix standard designer radiators can be used in conjunction with water central heating systems. We have also developed dual fuel radiators which can be used with both a water central heating system and as a stand-alone unit.

To use a dual fuel radiator as electric only – for example in the warmer summer months when just a small boost in heat is required – you need only switch off a flow valve to utilise a heating element. This will allow your radiator to be heated independently of the central heating system, providing warmth on tap in a cost effective and carbon-friendly manner.

You can gain even further control of your heating levels with the dual fuel radiators by utilising either a standard heating element or a thermostatic element. To give you even greater flexibility and control, you can also add our wi-fi enabled Digital Touchscreen Programmable Thermostatic Timer to your dual fuel or all electric radiator.

Each radiator style will be marked with the relevant symbols for fuel types available:

- DUAL FUEL
- THERMOSTATIC DUAL FUEL
- DIGITAL THERMO DUAL FUEL
- PRE-FILLED ELECTRIC ‡ (Production Item)

All our electric sealed radiators are supplied pre-filled with anti-corrosion fluid to maintain product quality for years to come. The Heating Element is supplied in the box and can be fitted on either side of the radiator. Product compatibility is the responsibility of the installer.

TERMS & CONDITIONS

PHOENIX PRODUCT GUARANTEE:
All product guarantees are subject to the following terms and conditions: The product has been fitted/installed in a well ventilated room with appropriate air extraction, and in accordance with the appropriate fitting instructions, local bylaws, by a competent qualified installer and in line with general good plumbing practice; The product has been maintained and cared for in accordance with the instructions (including regular and appropriate cleaning); If any product has been modified, misused, neglected, wilfully or accidentally damaged; or if Phoenix have not received payment in full; then the product guarantee is invalid.

The guarantee on all products is 12 months from the date of supply from Phoenix unless otherwise stated. The guarantee only covers the material structure of products (excluding shattering glass) and not serviceable moving parts that perish due to fair wear and tear such as cartridges, valves, hinges, seals, bulbs etc.

In the event of a guarantee claim, the liability of Phoenix is limited to the product supplied and does not extend to consequential loss or damage arising from defective product. The guarantee applies to the original purchaser ONLY and is not transferable. This guarantee does not affect your statutory rights and is applicable in the UK Mainland and Republic of Ireland (exclusions apply, see website for details). All products installed in a commercial or rental property environment carry a 12 month guarantee.

The specifications and prices contained within this brochure are for information purposes only and, as our products are continually updated, are subject to change without prior notice. We cannot be held responsible for the use of incorrect dimensions shown for first fix without the actual products on site. All dimensions stated in this brochure are nominal and are subject to manufacturing tolerances. All prices include VAT at 20%.

RETURNS PROCEDURE:
Phoenix appreciate that choosing your ideal bathroom does not always run as smoothly as you may wish. Whilst we do not operate a sale or return policy, we do provide an option for the return of products under the conditions below:

1. It is our policy to only accept the return of unwanted products in good condition in their unopened original packaging that have been supplied within one month from the date of invoice. Returns requests can be made at: www.phoenix-uk.com/pages/online-returns-form
All return requests must be made by the Phoenix Customer who originally purchased the goods stating the original invoice or delivery note number, the product code and description, quantity of items for return along with a clear description of the reason for return.

2. Upon receipt of the returns request our returns team will process the relevant paperwork to arrange the collection of the requested products. We may sometimes require additional information relating to the returns request such as images of the products to highlight any relevant reason for return. It would be a benefit if these can be provided at the time the returns request is submitted to us. Once confirmation that the goods are available for collection a carrier will be booked to collect the items. Should a failed attempt be made to collect the goods for return then a fee to cover the transport costs for the failed delivery may be applied and deducted from the value of the credit.

3. All items that are due to be returned must be suitably packaged to reduce the risk of damage during transit. Any products that are found to be returned damaged due to being unsuitably packed may result in a request for credit being refused.

4. Any products returned in a condition other than that which is stated in the returns request may result in a request for credit being refused.

5. Any items that have been reported and accepted by Phoenix as faulty or damaged will be credited in full upon inspection on return to our warehouse. Please note that any damages or shortages will only be accepted if reported within two days of receipt in writing by email. Notification outside of the two day period will void any claim.

6. All items returned, with the exception of faulty or goods reported damaged when originally delivered, will be subject to a transport and administration charge.

7. Any goods returned as not required may be subject to a restocking charge. To obtain the value of the restocking charge in advance of any return, please contact our returns team by email at: returns@phoenix-uk.com providing the details of the product and original purchase invoice. Any restocking charge will be applied to the credit issued in line with our terms and conditions of sale.

As per our conditions of sale and terms of our guarantee, the liability of Phoenix is limited to the product supplied and does not extend to consequential loss or damage arising from products received defective or damaged.
