Information:

High Pressure. Vernet Cartridge. Installer Note: Please be aware that if this valve is being installed with a pump, a negative head version is required to ensure the flow switches detect the valve being turned on.

Guarantee/Aftercare: During installation extra care must be taken to avoid damaging the fittings. We provide a guarantee against faulty manufacture or materials (excluding serviceable parts), providing they have been installed, cared for and used in accordance with our instructions and good plumbing practice. We recommend that all brassware is installed to allow access to serviceable parts as we cannot accept responsibility in the event that access is required.
